

Revenue Cycle Management Services

Your facility depends on quick billing and collecting, InfiCare is the smart and cost-effective choice for EMR, Coding and medical billing services. We provide 100% transparency, real-time access, unequaled responsiveness, technical expertise, and a secure, state-of-the-art infrastructure. Our ICD 10 smartphone app is available for you to download for free from App Store and Play Store.

Partnering with InfiCare for your billing means having the solutions you need to help reduce payment turnaround time. From speeding up payments and shortening your revenue cycle to providing you with software that you can utilize from anywhere, we're here to help you.

Since founding in 2002, we are focused on enabling you to achieve maximum billing reimbursement through correct coding, timely filing, aggressive follow up of denials and underpayments and keeping close watch on A/R. When you transition billing to us, we plan transition to ensure no dip in collections during transition period. In addition to taking over current claims, we review every single past unpaid claim prioritizing those that may be closer to timely filing limits, follow up with payers, re-file and appeal as needed. With InfiCare, you will stay focused on growth while we take care of your billing.

Service offerings:

Full Service Coding, Billing, Follow up

We service several specialties and we aggressively work to collect what's rightfully due you. It's your money and we step in to stay on top of things for you. Here is our **actual performance data** for some of specialties for first two quarters of 2016:

For Rheumatology practices 90.5% insurance payments were within 30 days and 97.6% within 60 days of the date patient was seen.

For Family practices 90.9% insurance payments were within 30 days and 98.1% within 60 days of date of patient visit.

For Physical Therapy ones 94.7% insurance collections within 30 days and 98.1% within 60 days of patient visit.
